IMPACT REPORT

Learning. Belonging. Joy. Opportunity.

SUMMER 2026

HORIZONS®

The Harley School

A SUMMER THAT BUILDS FUTURES

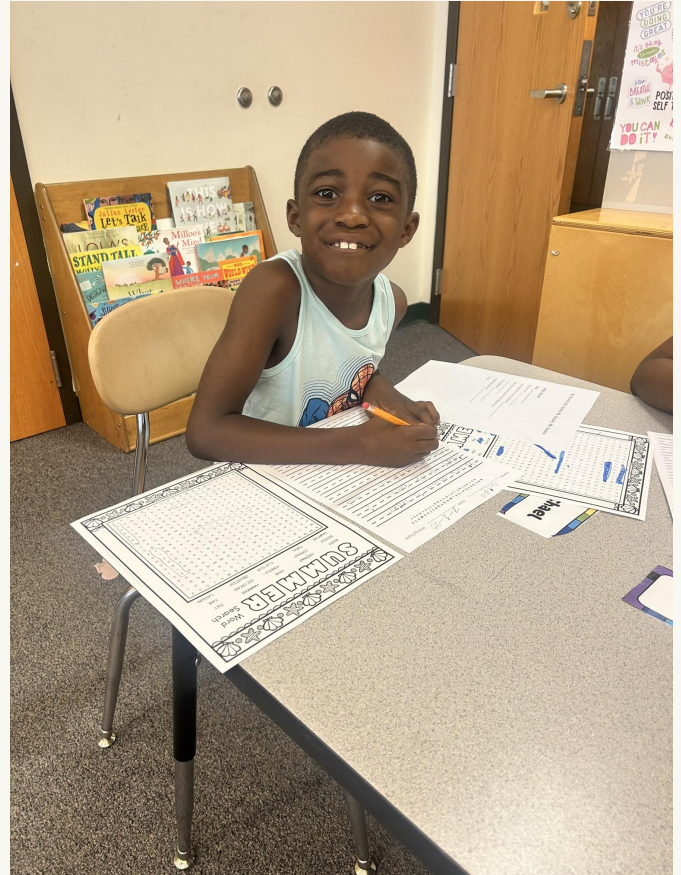

Summer at Horizons at Harley is about much more than preventing summer learning loss. It is about giving children a place to learn boldly, try something new, build lasting relationships, and experience the joy that comes from belonging to a community that believes in them.

In Summer 2026, 146 students in kindergarten through eighth grade spent six weeks learning, swimming, exploring Rochester, creating, performing, and growing together. Thirteen incoming kindergarteners began the first summer of a nine-year Horizons journey.

Thank you for making this possible.

Claire Labrosa

LEARNING WITH JOY

Academic time at Horizons is active, personal, and connected.

Students strengthened reading, writing, and math skills in small, supportive classrooms while building the confidence and habits that help them return to school ready to learn.

OUR GOAL

Prevent summer learning loss - and create momentum for the school year ahead.

MORE THAN ACADEMICS

Curiosity grows when children have room to explore.

CONFIDENCE IN & OUT OF THE POOL

90 MINUTES

of swimming each week

Swimming is a core part of the Horizons experience, helping students build skills, safety, perseverance, and confidence.

ROCHESTER IS OUR CLASSROOM

Field trips and community partnerships expand what students can imagine for themselves.

From hands-on science outdoors to music, arts, museums, and special community experiences, students learn by doing - and by discovering the resources and possibilities all around them.

ACCESS + EXPERIENCE = OPPORTUNITY

Every new experience is another chance for a child to discover an interest, a strength, or a future path.

A PLACE TO BELONG

Students return to Horizons summer after summer because relationships matter.

Friendships, trusted adults, traditions, celebrations, and shared experiences create a community where students can be themselves and know they are valued.

NINE SUMMERS. ONE JOURNEY.

Horizons is not a one-summer program. It is a long-term promise.

Students begin with us as kindergarteners and return each summer through eighth grade. Along the way, they build academic skills, confidence, friendships, and a community of adults who know them well.

YOUR INVESTMENT AT WORK

Every gift creates access to a summer of learning, enrichment, and belonging.

\$25

breakfast for a student for a week

\$50

a week of swimming

\$100

one full day at Horizons

\$500

a field-trip experience

\$1,000

a day of transportation from an R-Center

\$3,000

one student's full Horizons summer

IT TAKES A COMMUNITY

Summer 2026 was possible because of the educators, families, volunteers, donors, board members, foundations, community organizations, and partners who believe in our students.

With gratitude to our major funding partners:

ESL Charitable Foundation • United Way • Farash Foundation

Avangrid Foundation • and the many individuals and organizations who invest in Horizons at Harley

Thank you for helping children discover what is possible.

**SIX WEEKS CAN
CHANGE A SUMMER.**

**NINE YEARS CAN
CHANGE A LIFE.**
